

Dreumex Sun Protect SPF50+

Offers protection against the harmful effects of the sun

Outdoor workers such as construction workers, painters and farmers are at increased risk of the sun's harmful effects. Prolonged exposure to UVA and UVB radiation increases the risk of skin cancer by 77%*.

To reduce this risk, it is essential to make sunscreen for professionals available to your employees.

Dreumex Sun Protect SPF50+ offers maximum protection with good coverage, is easy to apply and absorbs quickly into the skin.
